c) ECONOMIC INFORMATION

a) Approved For Release 2002/01/04 : CIA-RDP83-00415R012400

Storage

July 1951 - Silos for cereals in BRAILA.

The silos consist of 4 building surrounded by a wire fence, They are located ~~in~~ between the commercial port and the barracks on Caratina Street. The source has no further data.

July 1951 - Mills in BRAILA

The mills which were formerly the property of Ambatio [? name blurred] Richiardopo, a Greek, are still called by his name. The grain storehouses and mills form an immense unit.

25X1A

[REDACTED] milling operations have ceased. [REDACTED] does not know for what purpose the ~~mill~~ storehouses are used.

July 1951 - A mill in BRAILA, once the property of a Greek named Violatos, is located in a 6-story building in the area behind the People's Militia HQ in Braila, on Stalin (formerly Calares) Street. The mill has been nationalized.

b) Industries

July 1951 - Victorul Navy Yard, BRAILA

The yard is located on the left bank of the Danube between the end of Plevna Street and Karl Marx (formerly Carol) Boulevard. After nationalization of private enterprises, this unit absorbed the neighboring yards, formerly called I. R. N. (Rumanian Navigation and Shipbuilding Enterprise), the shipyard Avvenire, the ~~Is~~ <sup>St</sup>anda Plant and ~~in~~ Progresul. Progresul was a branch of Progresul metallurgical Plant.

25X1A

**U.S. OFFICIALS ONLY**

Workers: about 2,000.

Output: small transport boats for the river merchant marine; construction and repair of mine sweepers and speedy torpedo boats for the navy.

25X1A

25X1A July 1951 - [REDACTED] the existence of other nationalized ~~ship~~ navy yards at BRAILA, as follows:

1 May navy yard;

G. Dimitrov navy yard;

S.R.T. (Rumanian Transportation Company) *Navy Yard.*

July 1951 - Progresul Metallurgical Plant, BRAILA

The plant is located in the northern outskirts of the city between the railroad and the highway to Galati (39-M). It is connected with the railroad by a siding,

Output: high pressure boilers; locomotive repairs. The source has no further details.

July 1951 - Sarmei Industry, BRAILA

Located in the SE outskirts of the city adjacent to the north side of the highway to BUZAU (33-N).

Workers, about 1,000

Output: mechanical equipment; tools; chains; sheet metal.

July 1951 - I. M. D. -Interprindere Metalurgica Danubiana (Danube Metallurgical Enterprise), BRAILA

Located in the ~~XXXXXXXXXXXXXXXXXXXXXXXXXXXX~~ W/? blurred/ outskirts of the city near the railroad station.

Workers, about 1,500.

Output: nails and rivets; screws; agricultural tools.

July 1951 - The ~~ROMANA~~ Forestera Romana Sawmill is located in the same zone as the BRAILA race track. It produces boards and beams of spruce and beech.

The raw lumber supply comes by river. Hence the sawmill has its own landing-place on the Danube for unloading, between Victorul navy yard and the Stanca cement factory.
